

About the song

Sometimes, the hardest part isn't losing someone, but accepting that they were never really yours to begin with. This is the theme of Julian Guba's new single, **Another You**, which captures the bittersweet realization that the love you held onto was only in your mind, nothing more than a **beautiful illusion**.

Another You takes Julian Guba's sound in an even more electronic direction, blending **phonk** influences with **Drum'n'Bass** and epic orchestral elements. The result is an intense, rave-like production that pulls you in, whether you want to dance, sing along, or just lose yourself in the music.

The relatable lyrics, describing the gut-wrenching void you feel after finding out your love was a lie, sung on top of this **urban** and **gritty**-sounding beat, make Another You a unique track, perfect for letting out emotions.
